

AltaMix CONCRETE LTD.

Precast Hopper Bin Pads

Why Precast Bin Pads are right for you

- Engineered for hoppers with no steel skids
- Lower ground pressure than steel skids
- Fast, easy, and economical
- Anchor the hoppers to insurance standards
- Interlocking pieces mean lower trucking costs
- Cost effective delivery throughout Western Canada
- Easily move/ sell or relocate the pads in the future
- Combine your concrete costs with your bin lease
- Available for 14'-27' hopper bins

17' Pad - good for 14-16' Hopper

19' Pad - good for 16-18' Hopper

21' Pad - good for 19-20' Hopper

23' Pad - good for 20-22' Hopper

****New**** 32' Pad - good for 27' Hopper
