

86' x 210' shelter with canvas ends

• Commercial Warehousing • Machinery Storage • Recreational Facilities • Bright Interiors • Livestock
 • Grain Storage • Big Doors • Garages • Clear Spans to 126' • Engineered • Call Pembina Valley Canvas

Recreation Plus All sizes for home and community use including regulation. Natural light and keeps ice longer in spring.

Equestrian Clean, all natural light, and quiet. Very easy to light at night. Widths from 20' to 126' in single hoop or welded truss arches (depending on width). Various profiles to meet your requirements.

Grain Storage Very competitive cost per bushel storage and more versatile. Pony wall mounted models let you pile grain high.

Machinery Storage This 40' wide, high profile, accommodates 20' wide x 16' high or 24' wide x 14' high doors. Big enough for any air seeder or combine.

Commercial Warehouse

Replacement Covers for any Shelter

When you order a replacement cover from Pembina Valley Canvas you'll be getting the best cover available. Pembina Valley Canvas replacement covers are manufactured from Nova-Shield II™ membrane structure fabrics with ArmorKote™.

This coating has ten times the abrasion resistance, 300% more flex crack resistance and significantly improved seam strength over the previous generations of shelter fabrics. Plus improved UV resistance for the longest lasting covers in the industry.

Shelter Parts. Also call Pembina Valley Canvas for all your shelter parts - ropes, belts, ratchets, repair tape, doors and more - call for savings.
