8' 540 rpm \$5,950
9' 540 rpm \$6,600

SNOW BLOWER

With the deep 4 blade fan, extra large discharge and double augers - big capacity is what the new line of Groening snow blowers is all about. No problem keeping up to tractors with faster reverse. Built with a heavier body for long term performance. Comes with center mounted adjustable skid plates for clearing crowned roads without digging in.

GRAPPLE FORK

A heavy duty grapple fork with big 1" thick fingers, dual cylinders and greasable heavy duty pins. From \$2,500.

CAT 3 HITCH

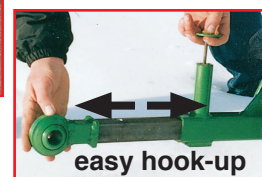

- Heavy duty construction with 15,000 lb lifting capacity
- Category III available for \$3,480 to \$5,500.

\$995
to
\$2,600

3 PT HITCHES

easy hook-up

Cat II models come standard with telescoping arms for easy hook-up. Heavy duty construction with 4500 lbs. lifting capacity at the ball sockets. Most come ready to bolt directly to differential housing for trouble free installation. Priced from \$995 to \$2,600.

Engine end hitches available for New Holland bi-directional. Front mount models are priced at \$2,600 for most tractors.
