

# JOB DONE RIGHT.

## SILAGE BLADES

The HLA Silage Blade is available for both articulated and front wheel assist tractors. Designed to move volumes of silage when the big harvest comes in, the blade easily cuts across the silo leaving a level surface for packing.

- Heavy duty construction with two angle cylinders
- Reversible cutting edges
- Skid shoes
- 58" high blade (34" mouldboard & 24" mesh guard)
- 3 x 16 cylinders with 1 1/2" diameter pins
- Available in category II or III, 3 point hitch

### Front Wheel Assist Tractors

110-300 HP Tractors  
10', 12', and 14' widths

### Articulated Tractors

14', 16', and 18' widths

Contact HLA to get the most out of your feed without having to sacrifice quality for performance.
