

Feed Processing Solutions

Complete Feed Milling Systems

Roller Mills

Hammer Mills

Micro Systems

Mixers

Pellet Mills

- Roller Mills - Energy saving up to 70% in grinding process
- Hammer Mills - Patented shaft ventilation & teardrop-shaped working chamber increases output by 35%
- Batching & Micro Dosing Systems - High dynamic accuracy $\pm 0.2\%$

- Mixers - Only 45-second mixing time; $CV \leq 5\%$
 - Pellet Mills - Various formulas, steam/cold pelletizing
- Innovative Grinding, Accurate Dosing, High Speed & Uniform Mixing ...

Grain Handling, Cleaning & Processing Solutions

Complete Grain Handling & Processing Systems

Bucket Elevators

Chain Conveyors

Drum Cleaners

Air Screeners

Gravity Tables

Indent Cylinder Separators

4-in-1 Compound Cleaners

- Bucket Elevators - Heavy duty; Anti belt reverse & deviation; Oil resistant & anti-static belting
- Chain Conveyors - Heavy duty; High strength chain & paddle; Anti-wear liner
- Drum Cleaners - Coarse scalping
- Air Screeners - Coarse scalping; Precise separation
- Gravity Tables - Gravity grading
- Indent Cylinder Separators: Precise separation by length
- 4-in-1 Compound Seed/Grain Cleaner - Coarse scalping, Precise separation, Gravity grading, Aspiration

Exclusive Products, Factory Direct Savings!

Oilseed Crushing Solutions

Complete Oilseed Crushing Systems

Oil Presses

Oil Filters

Oilseed Flaking Mills

Oilseed Conditioners

Oilseed Cleaners

- Oil Screw Presses - High oil yield; Strong adaptability to variety of oilseeds
- Oil Filter - High speed process; Reusable stainless steel filter elements
- Oilseed Handling & Cleaning - Complete solution
- Oilseed Conditioning - Increase oil yield

Flexible Processing Flow, Proven Performance, Low Cost Operation
