

Stop bumping around and get the Laneway Grader!

- Three blades will smooth out all the bumps (most in just one pass)
- No three-point hitch hookups. Just drop a pin, hook up hydraulic hoses and go.
- On the go adjustable roll for ease of operation.
- Adjustable pitch to keep the edges of your driveway neat.
- Heavy built for both strength and weight to smooth your laneway.

Also Available... the Pathway Grader and Tile Trench Grader!
