

GRIFFIN AG SERVICES LTD.

Grain Handling / Seed Processing
System Specialists

When you're in the market for a complete grain system for your farm. Give us a call at Griffin Ag Services!

our own line of bolt together structure pre-engineered & configured to order. Various sizes of towers, trusses and stairs (not shown) available.

RapiTower and RapiTruss
Systems

- We handle the entire project from design to completion.
- We retail all the handling equipment: (drags, bucket elevators, spouting components, conveyors, grain loop systems).
- We provide the labour.
- We have our own line of installation equipment, tele handler, manlifts, crane, etc.
- We work along side an engineer if needed.
- Facilities all across Western Canada.
